TippingPoint To Demo Its Product Portfolio at Interop Las Vegas

AUSTIN, Texas – May 14, 2009 – [TippingPoint](#), a leader in intrusion prevention, will demonstrate its products at the Interop Conference and Expo in Las Vegas. Interop is a leading global technology event designed to educate business and technical professionals about latest enterprise networking trends and products.

TippingPoint representatives will be on hand to demonstrate the company's IPS-Secured Network product portfolio in **booth 433**. The IPS-Secured Network includes the [TippingPoint® Intrusion Prevention System \(IPS\)](#) and [Network Access Control \(NAC\)](#) solution. The company will also demonstrate its newest products and services including the [TippingPoint 10 IPS](#), an intrusion prevention product designed specifically for remote and branch offices, and [Web App Digital Vaccine®](#) service, a custom filter service that helps organizations prevent threats from compromising Web applications.

TippingPoint will also be showcasing its IPS-Secured Network technologies as a part of 3Com Corporation's product portfolio. TippingPoint's products will be demonstrated at a kiosk in the 3Com booth, number 2119.

The Interop Conference and Expo takes place May 19-21 at the Mandalay Bay Convention Center in Las Vegas. The conference will feature in-depth educational programs, workshops, real-world demonstrations and live technology to help IT and corporate decision-makers achieve business success.

About Interop®

Interop drives the adoption of technology, providing knowledge and insight to help IT and corporate decision-makers achieve business success. Part of TechWeb's family of global brands, Interop is the leading business technology event series. Through in-depth educational programs, workshops, real-world demonstrations and live technology implementations in its unique InteropNet and InteropLabs programs, Interop provides the forum for the most powerful innovations and solutions the industry has to offer. For more information about these events visit www.interop.com.

About TippingPoint

[TippingPoint](http://www.tippingpoint.com) is a leading global provider of comprehensive network security solutions that address the security and regulatory compliance needs of complex network environments for enterprises, government agencies, service providers and academic institutions. With the TippingPoint IPS-Secured Network, which includes the TippingPoint® Intrusion Prevention System (IPS) and Network Access Control (NAC) solution, network infrastructure, applications, and critical data are protected from malicious cyber attacks. TippingPoint's 360° approach to network security enables enterprises to enforce security policies across all users, devices, traffic flows and content; while preserving existing infrastructure and ensuring business continuity to help lower total cost of ownership. TippingPoint's security intelligence is powered by DV Labs, TippingPoint's premier team of expert internal researchers for vulnerability analysis and discovery. DV Labs is supplemented by over 900 external Zero Day Initiative researchers. For more information, please visit www.tippingpoint.com, or the press center at <http://www.tippingpoint.com/press>.
